Credits		Debits	\$33.00 Mower fuel	Current total	\$1352.29

We currently have 45 paid members

SECRETARYS REPORT:

Accepted without changes

SAFETY REPORT:

TD reported that all fliers need to use airplane benches to start their planes and not to use the ground to start
And run their engines. Also Pilot stations need to be used. We seem to be having interference problems
With Spectrum radios in the 2.4ghz in the N/E corner of our field. TD thinks it may be related to Fort Indian gap military drills flooding the air with radio signals. Pilots are to check there equipment and perform
Range checks prior to flying for the day. Pilots are to also ensure that their receiver lights are lit and solid.
He also mention that the interference may be coming from the cell Tower in that area of the field.
No one has reported problems with Futaba radios.

FIELD REPORT:

Our Cub mower has been running great and cuts well. All members were asked to keep up a search for a new
Flying field. Our weed-wacker has been repaired by Bill Landis and is back in the shed. 2 stroke oil needs to
Purchased and a batch of 2 stroke oil and gas mix made.

OLD BUSINESS:

- The club's annual float fly was a huge success. Winds were not nice to us but many planes did take to air. We had around 20 pilots at our event and were sponsored well by our members. Many thanks Given to our kayakers for their retrieval efforts, as their services were used extensively due to high winds.
- A motion was approved by club members to donate \$50.00 of the money received at our float fly to the Wounded Warrior Project fly-in when it is held next month.

NEW BUSINESS:

- Our club WWP fly-in is scheduled for 8/16/14. Members are asked to bring food and beverages for them Selves and others. Donations will be collected for our Wounded Warriors which will be sent in to the AMA for distribution to the WWP.
- A by-laws change was requested to change the way we accept new members into our club. After a Discussion it was decided to re-write the voting-in of new members to allow new members to be accepted Into the club as long as they meet having AMA, complete an application and pay the required dues. R. Turner to write change and present to club members for a acceptance vote.
- Much discussion was held on only having a quarterly membership meeting with executive board meetings Monthly. This discussion was held because of the poor participation of our club members at our monthly Meetings. Board members are out-numbering members. After discussion it was decided to table this item Until future meetings.
- TD suggested that our next meeting be held on the first Sunday of August at 1:00PM at our Musser field. Members were in favor of this and it will be posted on Facebook for notification to members.
- Our 2nd Fun fly is schedule for Saturday July 19 and to Attend our event.
- New member Ed Costa was voted in to our club.
