

York Area Radio Control Club

Open Membership Meeting Minutes

Monthly Meeting Held on 7/2/2019 at Victory Athletic Association

Members in Attendance: 2 Officers in Attendance: 4 Meeting called order by Tom Duffy

Approval of the Minutes

June meeting minutes were approved as read

Treasurers Report

Previous Month	\$836.99
No Transactions	
New Total Balance	\$836.99

Committee Reports:

Safety Committee: The Pilot station is now at the field

Field Committee: The clearing of the pit and visitor areas continues.
Waiting for the Bulldozer to come level the area.

An addition was made in our Field Regulations. The addition is as follows.

All RC planes must yield the right of way to all full scale aircraft even if it means crashing your model.

Old Business

The shed will be moved once the pit area is level.
See field committee report for further information.

Old Business (cont.) We are still on for the Roots for Boots display. There will be more information coming at next month's meeting.

New Business

The club was contacted by Dave Shepp to turn over a folder of our old meeting minutes. Arrangements were made to get them from him, but he failed to appear. A follow up contact will be made.

The club has had a donation of a 60 inch zero turn mower, and two trimmers.

It was reported to the Federal Aviation Administration that our club's flying site was on a public airport. Our landlord Cliff politely informed them that our flying site was on a private airport and he could do anything he wanted to do at the site.

There was a discussion on if we needed to have mandatory spotters while flying. The air traffic is at a minimum but, an aircraft could start their approach behind us and the pilot would be unaware of their approach. This will be tabled till a future time when there are more members.
